NOTICE

Separate permit may be required for electrical. This permit becomes null and void if work or construction authorized is not commenced within six (6) months, or if construction or work is suspended or abandoned for a period of six (6) months at any time after work is commenced. I hereby certify that if you have read and examined this application and know the same to be true and correct. All provisions of law and ordinances governing this type of work will be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any state or local law regulating construction or the performance of construction.

It is a violation of the Standard Building Code Section 110 to construct a structure, in violation of a statement or drawing submitted and permitted thereunder. Each person doing so shall be considered guilty of a misdemeanor. If for some reason, you decide to build a structure on the lot for where the permit is issued, that is different than the plan submittal for this permit, it is your responsibility to submit a new plan to the Building Official before construction begins.
